This symposium on mineral resource development is to foster a respectful and ongoing dialogue among all concerned stakeholders and to better understand the problems mining companies face while at the same time ensuring that mining operations take full account of the common good. The symposium will feature presentations from expert panels including concerned climate scientists and representatives from First Nations, mining companies, NGOs and shareholders. ### **Understanding the Liturgy:**

The Catholic Mass is the central act of worship in the life of a Catholic, but few are aware of its meaning. While some Catholics may know the prayers and responses said in the liturgy, many do not know their significance or historical development. The true beauty of the Mass is seen when you break it down into its components and explain each of the steps in a way that you might understand more clearly. The course overview of the liturgy explains the Catholic Mass so that you will have a better understanding of what it is, what it does and how it is essential to Christian growth. This course is being offered at our Spring Institute, **Saturday, April 9, from 10am-4pm at the John Paul II Pastoral Centre, Vancouver.** Cost: \$40 (includes snack and lunch). For more info and registration, visit [rcav.org/oc-spring](http://rcav.org/oc-spring).

### **STEWARDSHIP REFLECTION:**

The message of merciful love needs to resound forcefully anew. The world needs this love. The hour has come to bring Christ's message to everyone: to rulers and the oppressed, to those whose humanity and dignity seem lost... The hour has come when the message of Divine Mercy is able to fill hearts with hope and to become a spark of a new civilization: the civilization of love." – St. John Paul the Great.
